THE "TRAMP" AND "WORK."

The Raleigh (N. C.) Observer has a strong belief that the regular tramps scouring the country are regularly organized; that they have a general understanding with one another, and make themselves known by a series of questions and answers. The Observer's local paid a visit, in company with the Sheriff, to a jail where a number of the brotherhood had recently been committed, and reports the following dialogues as having taken place:

"From whence came you?"
"From a town in New York called Jerusalem."
"What's your business here?"
"To learn to subdue my appetite and to sponge my living from an indulgent public."
"Then you are a regular tramp I presume?"
"I am so taken and accepted wherever I go."
"How am I to recognize you as a tramp?"
"By the largeness of my feet and general carnivorous appearance."
"How do you know yourself to be a tramp?"
"In seeking for food, by being often denied, but ready to try again."
"How gain you admittance into this town?"
"By a good many long tramps."
"How were you received?"
"On the end of a night policeman's billy presented to my heart."
"How did the policemen dispose of you?"

"He took me a good many times around the town, to the south, east and west, where he found the chief of police, mayor and jailor, where a great many questions were asked."
"What advice did the judge give you?"
"He advised me to walk in upright, regular steps, and renounce tramping."
"Will you be off or from?"
"With your permission I will be off very quick."
"Which way are you traveling?"
"East."
"Of what are you in pursuit?"
"Work—which by my own endeavors and the assistance of others, I hope I shall never be able to find."
"My friend, you are now in an institution where the wicked are always troublesome and the weary are as bad as the rest. You will now be conducted to the middle chamber by a flight of winding stairs, consisting of four or five steps. Instead of corn, wine and olives—the wages of the ancients—yours will be bread and water for five days. When your company escapes this place, divide yourself into two parts of three each and take a bee line for Norfolk or Richmond, where in Winter they usually run free soup houses, and you may be pardoned on condition of your never returning."

WESTERN BOOT FLIRTATION.

Three raps on chair leg with toe of right boot—Desires of an acquaintance.
Strap tucked into left boot leg—I adore you.
Strap tucked into right boot leg—Are you willing?
Left boot heel resting on right foot—I am sorry.
Heel twisted to right—Do you love me?
Scratching butt of left ear with toe of right boot—We are watched.
Pulling pants out of right boot leg—You have changed.
Pulling off right boot—Yes. Pulling off left—No.
Pulling off both boots—Follow me.
No blacking on heel of right boot—I am engaged.
Hole in toe of left boot—I am married.
Old man's boot under young man's coat-tail—Good-bye!

A company of scientific and literary men and artists left Belgrade this month to examine the old churches and monasteries in the newly acquired territory of Serbia, and to collect whatever old manuscripts and other literary remains can be found.

SUNBEAMS.

Reports from Cork aver that the potato disease is universal over the south of Ireland.

Instead of dying out from the effects of freedom, the negroes are increasing in numbers.

Six Spanish journals are being sued by the Government for insinuating that the Queen Mercedes was poisoned.

Munich is to have an International Art Exposition next year, similar to that of 1869. Preparations are making for it already.

Bismarck found Disraeli the only man he had met for some time really worth talking to. It is painful to reflect that this was after the visit of the hyacinthian Stoughton to Berlin.

It is a curious circumstance that nightingales entirely avoid certain countries in England. They abound in Kent, but are never heard in Devonshire, though both are southern counties.

In fifteen years from now, according to Wendell Phillips, "women will hold the spear and shield in her own hands." To many men the spear will be no more formidable weapon than the present poker or tongue.

Adelina Patti and Nicolini have been persuaded, after repeated refusals, to appear in Berlin. They have been engaged for two nights, at 10,000 marks (about \$2,500) a night, but may stay as long as the demand will warrant it.

On the 8th instant, on leaving a concert, two women in Parisian fashionable life had a fist and nail fight, to the great amusement of a number of couchmen and footmen who surrounded them. One was the sister of a very rich manufacturer, and the other the wife of a sub prefect.

There was a youth of 13 recently at the Paris Reformatory Institution for Boys, who gave notice that if he was not liberated at a certain period he would kill himself. No attention was paid to his threat, and at the hour named he jumped from a high flight of stairs to the stone floor below. Death was instantaneous.

It was maintained by the famous chemist Liebig that drunkenness could be cured by a change of food. A Leipzig woman whom he had advised to try it in the case of her husband, a confirmed sot, came to see him a week later. "How did it work?" asked Liebig. "Not at all," she answered, "he got just as drunk on rice and milk."

HE REMEMBERED IT.

"Now Leander, my dear, I want you to be sure and not forget to bring these few things when you come down to-night," said the young wife, just before the kiss and "good-bye" at the Summer hotel, in the morning, as the gentlemen were starting for the city.
"Certainly not, my love."
And this is the way the bill ran:
1—Two yards of blue barege.
2—Three yards of Hamburg edgings.
3—My new braid from the hair store.
4—Half a dollar's worth of Nainsook.
5—Box of pearl powder from my upper drawer.
6—Modern Minister from Loring's Library.

Arriving in town he forgot all about the list till late in the afternoon, and then couldn't find it in any of his pockets; but hadn't he read it, and didn't he recollect it all? Of course he did, and this is what he brought home to his expectant wife:
1—Two heads of blue cabbage.
2—Three yards handsome netting, mosquito.
3—Some blue braid.
4—Half a dollars worth of canned soup.
5—Box of seidlitz powders, and pair of drawers.

6—Loring said he hadn't got any such book as "The Mug and Canister" in the library.

Exclamation on receiving the above: "O Leander, Leander, you must have been dining at that horrid Club again, or you couldn't have made such a mistake."—Boston Com. Journal.

Ogontz, the former residence of Jay Cooke, a few miles from Philadelphia, has had no occupants for four years. The house is of stone, very spacious, and the grounds are beautiful. The man in charge opens the windows once a week to give the interior an airing; but all the furniture has been removed. Signs of neglect are numerous. Cooke lives quietly in Philadelphia.

Some of the Minnesota farmers, who reside in the districts most infested with tramps, are talking of organizing rifle clubs for self-protection, and declare their intention to fertilize their land with their dead bodies. They will stick up placards on their barns with the significant inscription: "Tramps wanted as a top-dressing for the growing crops."

NEWS OF THE MORNING.

The Queen reviewed the English navy yesterday.

More Indians are surrendering and the war is about over.

Beecher and wife left Council Bluffs Monday for this coast.

A riot is progressing in Ottawa, between Orangemen and Irishmen.

The yellow fever is spreading and Vicksburg is stampeding because of it.

Webb C. Hayes the President's son, is to be married to an Ohio lady this Fall.

Five masked men robbed a railroad train in Nebraska on the 12th and secured \$5,000. They escaped.

At a Kearney meeting in Boston resolutions were passed favoring Butler and welcoming him to the ranks of the Workingmen.

There is a prospect of another agreement between the U. P. R. R. and the Pacific Mail Steamship Co., the former to give the latter a bonus of \$10 for every passenger the railroad carries.

NEW HAMPSHIRE TRAMP LAW.

The following are the most important clauses of the law for the suppression of tramps, which has been passed by the New Hampshire Legislature:

"Any person going about from place to place, begging and asking or subsisting upon charity, shall be punished by imprisonment at hard labor in the State Prison not more than fifteen months.

Any tramp who shall enter any dwelling house, or kindle any fire in the highway, or on the land of another without the consent of the owner or occupant thereof, or shall be found carrying any firearm or other dangerous weapon, or shall threaten to do any injury to any person, or to the real or personal estate of another, shall be punished by imprisonment at hard labor in the State Prison not more than two years.

Any tramp who shall willfully and maliciously do any injury to any person, or to the real or personal estate of another, shall be punished by imprisonment at hard labor in the State Prison not more than five years.

Any act of beggary or vagrancy by any person not a resident of this State shall be evidence that the person committing the same is a tramp within the meaning of this act.

Any person upon a view of any offense described in this act may apprehend the offender and take him before a Justice of the Peace for examination, and on his conviction shall be entitled to a reward of \$10 therefor, to be paid by the county.

This act shall not apply to any female or minor under the age of 17 years, nor to any blind person.

Upon the passage of this act the Secretary of State shall cause printed copies of this act to be sent to the several town and city clerks, who shall cause the same to be posted in at least six conspicuous places, three of which shall be on the public highway.

According to the Cracow Czar, the Nihilists in Kieff are seeking to extort money from all the rich merchants and landowners under the threat of assassination. A wealthy Russian lady named Tamara, who refused to pay blackmail, has been poisoned, and escapes from prison are so common as to argue complicity on the part of the warders and gendarmes.

ALEXANDRIA in Egypt is threatened with a water famine. The canal, thirty miles long, supplying it from the Nile, has become almost dry. It is choked with mud, the water being diverted by great landowners higher up for their cotton crops. The old Roman cisterns have mostly been broken up for building material, and those remaining are too foul for use.

George William Curtis was serenaded by the Ashfield, Mass., Band the other evening, and in response made one of his happy speeches. He is interesting himself in the opening of a new road between that town and Buckland.

Dr. J. G. Holland's birthday was celebrated Wednesday by a company of his friends and admirers at "Holland Hall," in Heath, Mass., one of the scenes of his boyhood. The exercises consisted of addresses and reading selections from Holland's works.

EDITORIAL NOTES.

The Moffet bell-punch would yield an immense revenue during such a deadly heat as we have been having.

The wildcats are getting on the Board once more. Good-evidence which way the wind is going to blow.

The seductive voice of the Congressional candidate is beginning to be heard in the land. He is burning with love for the workingman.

Wilmington, Del., in a fit of economy, has cut down the salaries of its teachers. The politicians' pay has not, of course, been touched.

It speaks well for the honesty of the Nicholls government in Louisiana that the revenue returns this year are the largest since the war.

There appears to be no decrease in the rush to Europe. The American colony in Paris will soon begin to assume the proportions of a good sized province.

An effort will be made in the California Constitutional Convention to limit the rate of interest. Might it not be advantageous to Nevada to have a Convention to carry out the idea conveyed above.

There are plantations in some of the Southern States upon which convicts now do the work formerly done by slaves. A correspondent of the St. Louis Globe-Democrat recently visited the extensive estate of T. W. House, a Texas millionaire, on Oyster creek, near Brazos river. Of the one hundred hands, all negroes, employed to work the plantation, fifty were convicts. For the labor of each of these convicts the State receives \$10 a month, and the planter feeds them, and also furnishes a guard for every six, and a prison in which the convicts are confined at night. They work from sunrise till sunset, two hours' rest being allowed at noon. The guard carries a shotgun, and is careful to keep his gang at a safe distance from him. For disobedience the convicts are put in stocks at the sugar house. One of the negroes described his condition as "a great deal worse than slavery used to be."

THE PRESIDENT AND THE CIVIL SERVICE ORDER.—A Washington special of the 9th says: The President made a significant remark today. Jorgenson, Republican nominee from the Petersburg, Va., Congressional District, said to the President that he supposed that the Democratic Postmaster of Petersburg was afraid to render him any assistance, on account of the Civil Service order. Mr. Hayes replied that he need have no fears so long as he did not allow his political work to interfere with his official duties.

An intelligent Democrat, who has lately traveling over a large portion of the State estimates that if Bradley be forced upon the Democratic party in defiance of its long pronounced attitude on the third term question, he will lose at least 2000 Democratic votes. The same authority believes that either Hagerman or Fox would carry the full strength of the party, and make large inroads on the Republican vote.

AN EXCELLENT APPOINTMENT.—The New York Times says Bristow has been appointed by the Government in the South Carolina cases. He will have entire charge of the interests of the Government, with power to select assistants as he may prefer. Bristow's reputation at home as a lawyer is as high as is his reputation as a statesman and his purity of character throughout the Union.

ANNUAL MEETINGS of various mining companies are called as follows: Alta, August 14; Caledonia, August 21; DeHaro, August 14; Julia Con., August 14; Occidental, August 12; South Comstock, August 19; Vanconver, August 14; Mount Hood, August 15; Sabine, August 15; Europa, August 26.

DURING the Presidency of General Grant an Ohio florist wrote to him about a very rare plant. The Agricultural Department could give this florist no information about it. The florist has since that time received the plant from Europe "with the compliments of U. S. Grant."

Mr. POTTER thinks there is no hotter place than Washington in July, but in due course of time he will know better.

THERE is a rumor in Washington that Governor Rice is to succeed Mr. Thompson in the Cabinet.

WATKINSON thinks that his next vote for President must be either for Grant or Butler.

We just now have a great variety of fruit from California. At our fruit stands are to be seen on sale fine displays of apples, peaches, pears, grapes and small fruits of several kinds. Grapes of excellent quality are now arriving and will continue in our markets for many weeks. The apples are not so good as will presently come, but the peaches, plums and grapes are now quite perfect.

The minute a tramp makes his appearance in town he has influences brought to bear that makes him feel as if it behooved him to go hence, and he goes. Our officers can please the people by continuing vigilant in this respect.

The Jones & Kinkadee lease of the Auburn Mill expires this week. We understand they will not ask for a renewal.

Lincoln coats are hardly waterproof as those caught out in yesterday's thunder-storm can testify.

All persons indebted to the clothing firm of Cohn & Isaacs are requested to pay up at once. See notice.

Expatriation.

Yesterday morning officer Thomas and wife, Nate Roff and wife, Lale Jamison and sweetest, George Mosher and Miss Jessie Jamison, and two children left in a chartered stage coach for a week or ten days' visit to Weber and Independence lakes. The party were in high glee when they left town.

Pete Evans and Misses Minnie and Emma Gibbs left yesterday for Long Valley, where they will rusticate for a few days. Miss Frankie Gibbs, who has been spending her vacation out there, will return with them.

Several sunburnt but healthy and happy parties have returned from their wanderings and settled down to business, feeling as if they had received a new lease of life.

Rev. W. C. Gray and wife are combining business with pleasure by making the trip through Long and Sierra valleys at a time when Mr. Gray must hold his last quarterly meetings before Conference.

A number of other parties are arranging to visit the lakes before the season is over.

Attempted Suicide.

At about 12 o'clock night before last Frank Simpkins, barkeeper for Martin Sanders, attempted to end his life by cutting his throat. The weapon used was a large one blade jack knife, the blade of which was jagged and dull. He cut a gash from ear to ear, but without severing any important vein. On one side the wound inflicted was deep and severe. Before he could finish the rash act he was interrupted by outsiders, who took the knife from him and hurried him off to Dr. Bergman's office, where he received surgical attention. We did not see him yesterday, but are told he was unrepentant and only regretted that he had not "made a good job of it." Unrequited love is the alleged cause of the act.

Dead.

Serelem Gosslen, the man who was so seriously injured last Saturday by being thrown from a wagon while on his way to the picnic at Dall's Grove, Washoe Valley, died the same night of his injuries. The *Enterprise* says that he had an interview with Mrs. Bowers, the Seersess, on Monday of the same week, and received a warning of the calamity which caused his death. He was advised by the Sibyl to use extra precaution in guarding against an accident of precisely the same character as the one by which he lost his life.

Note From Verdi.

A correspondent writing from Verdi says: "Verdi is very dull. The wood business, so far as cutting is concerned, has entirely ceased. The Crystal Peak saw mill is running, and selling all that is cut. Mr. Holcombe claims to be the pioneer sweet potato raiser of Nevada. He will have ten bushels on the Beuse ranch this year—very fine large ones, and of excellent flavor. He says the soil and climate are perfect, and he thinks he can raise 300 bushels to the acre."

Personal.

J. J. Hill, State Printer, and of the Winnemucca *Silver State*, favored us with a call yesterday. He denies the report that he is a candidate for Secretary of State; or that C. O. Biles, of his county, is after it; but that Biles wants to be County Clerk, and that Major Buckner is the only candidate from Humboldt on the Democratic side of the house. The Major wants the nomination for Controller.

Mining Stocks.

The stock market is still active, though a downward tendency was notable in many yesterday. One day it is one that is up, the next other; now it is Alta at 12 and Benton 6 that causes comment. Julia will come next. The outlook generally is favorable for a big market in three or four months.

All Right.

W. S. Bailey has been heard from, and is reported safe and sound. A cattle man who came in from the north yesterday says Bailey will be in here in a day or two. Glad to hear the Indians have not got his scalp.

No Log Chain For Him.

One Smith, confined in jail, refused to work on the streets, but when Sheriff Lamb got a big log chain to tie him to Beemer's wagon, Smith weakened, and took his medicine like a little man.

B. B. Norton is so much better that a trip to Webber Lake is in contemplation.

Becher next Monday night.

Pavilion Location.

The citizens met last evening at the Opera House to decide the location of the Pavilion and the recommendation of the Committee was adopted. This location is the 150 x 140 lot on the corner of Centre and Front streets, late a corner of Chinatown. This solves the problem of "The Chinese Must Go," so far as that part of town is concerned, as the owners of the property guarantee that no more China house shall be built there.

Following is the report of the committee:

RENO OPERA HOUSE,

August 13th, 1878.

To the Citizens of Reno, Nev.:—We your committee appointed to select a location for a Pavilion, would respectfully report as follows:

We have examined the several lots spoken of and the price asked for the same, to wit:

Lot north of railroad track, corner of Commercial Row and West street, 100 feet from Wm. Prescott's—\$1,375.

Lot on Centre street, north of railroad track, owned by J. Dickenson, 100x140 feet, for \$1,200.

Lot or a portion of Catholic Church property and was informed by the Sisters they did not wish to dispose of any portion of it for any price.

Lots on corner of Centre and Second streets, 50x140, price asked \$1,000.

Adjoining lot, 50x140, \$1,000; or building off, \$800, and was informed by Mr. Wintermantel that \$200 and perhaps \$400 could be raised towards paying for the same, leaving a balance of \$1,600.

Lot on west side Sierra street, south of Wm. Tell House, owned by Hymers & Chism, 100x140 feet, center of block—\$1,600.

Lot on east side Plaza, on south side river, 100x100, donation by M. C. Lake provided we will cause Mr. M. J. Smith to remove and vacate his claims to the Plaza.

Lot corner of Front and Centre streets; street on two sides and alley on one side; 140x150 on one side and 83 feet on alley, with mill ditch of water crossing upper side; (D. H. Haskell) for \$1,150, or \$1,100 for all on south side of ditch.

Your Committee would recommend the purchase of the last named lot as being the most ground for the least money, and also a desirable location, and would recommend that steps be taken to erect a suitable building without delay. Respectfully submitted,

L. L. CROCKETT,
T. K. HYMERS,
W. R. CHAMBERLAIN, } Committee.

The plan of the building was then discussed, and those submitted by Mr. Peacock, Mr. Upson and the one sent down from Virginia, and a great many suggestions made as to just what sort of a building was needed. It was decided to appoint a Committee of Four; who with the Chairman, should compose a Committee of Five to act with the Trustees, and construct the Pavilion, and attend to other matters connected with the subject. The Committee stands: Wm. Duck, T. K. Hymers, J. S. Shoemaker, D. McFarland, C. T. Bender. Moved and carried that the committee be instructed to request the payment of all money subscribed, the first half by September 10th, the remainder, by Oct. 1st. Adjourned to the call of the President.

JUDGE WEBSTER's card appears elsewhere. The Judge stands well at the bar, and all cases entrusted to him receive prompt attention. His practice is second hardly to any in the district.

REGISTRY books are now open, and if you want to vote at the coming election, see that your name is down. Just as well attend to it now, as at any other time.

The lecture to have been given by M. Andre Massena last night has been postponed until to-morrow night. Masons will bear it in mind.

HARVEY TOMPKINS came in from Greenville yesterday. He has had all of that country he wants.

The Bodis dividend of \$3 per share is payable to-day. California's \$1 will be paid to-morrow.

ATTENTION is called to the sale of certain real estate, advertised elsewhere.

MANY of our citizens are off to cooler places; too hot for them around here.

SUCCOR levies a 50 cent assessment.

It is a great and good medicine, and worthy all confidence. Each package contains a Treatise on Catarrh and Dr. Sanford's Improved Inhalant Tube, and full directions for its use in all cases. An Enthusiastic Friend of Sanford's Radical Cure.

MILLINGTON, GRANT & BOWEN'S FINE AND MARINE INSURANCE AGENCY.
235 Pine Street, St. Louis, Mo., Feb. 4, 1878.
A. A. SANFORD, Esq., Dear Sir:—I have for some years been troubled with Catarrh, and for the past two years have suffered seriously with it. Nothing your advertisement of Sanford's Radical Cure has done for me, but I decided to try it. I have used only two bottles, and as a result I feel so much relieved that I presume on my personal relations and write that you and ask that you will make known to the public that you have such relief to give. I have recommended it to quite a number of my friends, and of whom I am sure to receive their high estimate of its value and good effects with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 of you, (as a sample) to be satisfied, will make a fortune for you.

Try some plan. Let the people know it; they need it. I believe I could sell 1000 bottles myself, of course, but I could not increase this number. Way not try? Yours truly, Wm. BOWEN.

Sold by all Wholesale and Retail Druggists and Dealers in Medicine throughout the United States.

LAME BACK RHEUMATISM

CURED BY **COLLINS' VOLTAGE PLASTERS.**
Messrs. Weeks & Potter, Gentlemen:—One year ago I was seized with a severe attack of Rheumatism, which I have never known to return. I tried the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested one of your Collins' Voltage Plasters. Its effect was almost magical, for, to my great surprise, I was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do nothing, and every step gave me pain. A few days since, one year from the first attack, the disease returned, but I am happy to say the second Plaster produced its effect, and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of rheumatism that can compare with the Collins' Voltage Plaster for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully, ORLANDO M. JONES, JR., 1055 WEST 10TH ST., BUCKEY, OHIO, May 27, 1878.

NOT A QUACK NOSTRUM.

Gentlemen:—I hereby certify that for several years past I have used the Collins' Voltage Plaster, and have never known them to fail in anything, and I have seen them in cases for which they are not recommended, and I can give you a very true and reliable agent of great value. Very truly yours, W. C. COLLINS, M. D., Buckeye, Ohio, May 27, 1878.

PRICE 25 CENTS.
Be careful to obtain COLLINS' VOLTAGE PLASTER, a combination of Electric and Voltaic Plaster, with a highly modified Plaster, as seen in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canada, and by WEEKS & POTTER, Proprietors, Boston, Mass.
